### **Roederer Collection Naked Brut** France Champagne Sparkling

### **Louis Roedere Cristal Brut 2013** France Champagne Sparkling

For the uninitiated, Cristal may seem like 'water for Oligarchs' but the wine itself is, quite simply, sublime. It ranks amongst the world's great wine tasting experiences and, by comparison to the 'haut vins' of Bordeaux and Burgundy, is still relatively affordable and accessible. Roughly a half/half blend of Chardonnay and Pinot Noir, the fruit from the very best vines in Côte des Blancs, Montagne de Reims, and the Vallée de la Marne. The vine age is 25 years at a minimum while some are as old as 60 years. Slightly oxidative and reductive in style, Cristal is built not just to age or to last, but to improve. Older vintages still show remarkable freshness. Notes on tasting tend to start at the top of a pyramid of complexity. So when a note of citrus is detected, further scrutiny will reveal juice, pith and/or zest of lemons, grapefruit, lime and/or orange (though the last might be suggested by the colour of the cellophane). Fruits and toast on the nose, richness and creamy honeyed characters on the palate. Cristal is produced with 100% biodynamic fruit.

### **Louis Jadot Clos Vougeot Grand Cru 2018** France Burgundy Red

The vines are carefully pruned during their dormant phase in winter, and this pruning process is crucial to regulating yields and thus optimizing quality. Maison Louis Jadot believes that the only way to truly respect grapes is to harvest by hand. Then, on the sorting table, only the ripest and healthiest grapes are selected. On the palate this wine is glorious with dried-strawberry and cherry character. Medium to full body, ultrapolished and beautiful tannins and hints of stones and cedar. Very pretty and refined with an experience like no other.
